NUTRITION ASSISTANT

Function of Job

Employees assist nutrition and/or dietetic staff with a complete nutritional program (nutrition assessment, nutrition counseling and other duties involved in a nutrition or dietetic unit).

A Nutrition Assistant typically

1. interviews selected patients who are receiving regular or modified diets and/or selective menus to determine food preferences and observe intake.
2. assists selected patients on regular or modified diets in selection of food, according to patterns established by the Dietitian Nutritionist or other delegated staff.
3. ensures that patients are receiving and consuming proper nourishments.
4. reports progress of all patients and inform staff about special diet problems.
5. collects and calculates data needed for evaluation nutritional status of patients.
6. observes patient food tray service.
7. may give basic nutritional and/or dietary instructions to patients, as directed.
8. assists in preparing materials used in presenting current nutrition and/or management instruction to students, healthcare facility personnel, or outside groups.
9. assembles information for nutrition and/or dietetic related studies performed by staff.
10. may assist with on-the-job training of new employees.
11. performs other related duties as assigned.

MINIMUM ACCEPTABLE QUALIFICATIONS:**CREDENTIALS TO BE VERIFIED BY PLACEMENT OFFICER**

High school graduation or equivalent
