TO: Designated Employer Representatives, Human Resource Directors,  
Testing Personnel & Classification Personnel

FROM: Pulchratia L. Kinney-Smith  
Classification, Compensation and Examination Division

SUBJECT: Sonographer Series Proposal Notice  
(CCE-04-240)

This notification serves to indicate a proposed revision to the State Universities Civil Service System classification plan. The System Office has prepared a draft classification series for use in the Sonography occupational field. We believe that these changes will be most beneficial in addressing the recruitment, employment, and retention concerns surrounding the staff within this constantly evolving business operation. Our overall objective continues to be development of an efficient and effective classification system that meets the needs of each university/agency.

The new Sonographer series is being proposed to replace the Medical Sonographer and Cardiac Sonographer Series. We have consolidated the current classifications, leaving the current 3-level structure in tact. This proposal is presented for discussion purposes only.

## **Current Classes**

Medical Sonographer I  
Medical Sonographer II  
Medical Sonographer III

Cardiac Sonographer I  
Cardiac Sonographer II  
Cardiac Sonographer III

## **Proposed Classes**

Sonographer I  
Sonographer II  
Sonographer III

The proposed revisions to these classifications will be discussed Tuesday, June 15, 2004 via conference call at the System Office. The examination format and effective date will also be discussed.
