Testing Personnel

FROM: Jeff Brownfield, Assistant Director

SUBJECT: Final Status Notice for the Chief Utility Plant Operating Engineer

DATE: March 22, 2006

The System Office continues to revise and modify the classification plan. The overall objective is to provide an efficient and effective classification and examination system that meets the needs of each employer.

<u>Current Class</u>	<u>Action Proposed</u>	<u>New Class</u>	<u>Class Code</u>	<u>Prom. Line</u>	<u>Occ. Area</u>	<u>Work Area</u>	<u>Change-In-Title Policy</u>	<u>Effective Date</u>
Not Applicable	Add	Chief Utility Plant Operating Engineer	4905	None	Heat, Light and Power Services / 11	Heat, Light and Power Services / 041	N/A	March 31, 2006

Class Specification and Examination Components/Instruments:

The new class specification and examining instruments for the Chief Utility Plant Operating Engineer will be effective (available per E-Test) March 31, 2006. For details on exam components, class specification and other information i.e. occupational area, work area, promotional line, etc., visit the class specification link at our website at [www.sucss.state.il.us](http://www.sucss.state.il.us).

Pay Rates/Ranges:

Where necessary, employers should establish new pay rates/ranges to accompany the above changes. In some instances, establishing a wide pay range will optimize the opportunity of each employer to properly reflect their individual compensation programs for these operations and positions.

Seniority:

If the above classification change affects current employees, seniority calculations should be reviewed. If applicable, review Change-In-Title Policy requirements.

Please contact Jeff Brownfield at 217/278-3150 Ext 236 or at [jeffb@sucss.state.il.us](mailto:jeffb@sucss.state.il.us) if you need additional information.
