Class Specification and Examination Components/Instruments

For details on class specification and other information i.e. occupational area, work area, promotional line, etc., visit the class specification link at our website at www.sucss.state.il.us.

Voiding/Deleting Registers

Previous testing materials and corresponding registers for the Benefits Counselor series should be voided at the close of business on Wednesday, January 14, 2009. All testing materials related to these titles should be destroyed at the close of business on Wednesday, January 14, 2009.

Pay Rate/Ranges

If necessary, employers should make adjustments to or establish new pay rates/ranges to accompany the above changes. In some instances, establishing a wide pay range will optimize the opportunity of each employer to properly reflect their individual compensation programs for these operations and positions.

Seniority

Seniority calculations should be reviewed and established based on the final classification assignment and movement of employees through the classification plan.
