SUBJECT: Status Notice of New Specification/Examination for Ethanol Plant Operating Series
CCE-09-458

DATE: April 15, 2009

The State Universities Civil Service System continues to routinely revise and modify the classification plan. The overall objective is to provide an efficient and effective classification and examination system that meets the business requirements of each employer. The following modifications are therefore incorporated into the State Universities Civil Service System classification plan.

Classes currently used by: SIUE

<u>Class</u>	<u>Action Taken</u>	<u>Class Code</u>	<u>Prom. Line</u>	<u>Occ. Area</u>	<u>Work Area</u>	<u>Change-in-Title Policy</u>	<u>Effective Date</u>
Ethanol Plant Operating Technician	ADD	4401	88	02/ Semi-Professional	503	N/A	4/15/09
Ethanol Plant Operating Coordinator	ADD	4402	88	02/ Semi-Professional	503	N/A	4/15/09

Pay Rate/Ranges

Employers should establish new pay rates/ranges to accompany the above changes. In some instances, establishing a wide pay range will optimize the opportunity of each employer to properly reflect their individual compensation programs for these operations and positions.
