Voiding/Deleting Registers

Previous testing materials and corresponding registers for the Dental X-ray Technician series should be voided at the close of business on Friday, November 13, 2009. All testing materials related to these titles should be destroyed at the close of business on Friday, November 13, 2009.

Pay Rate/Ranges

If necessary, employers should make adjustments to or establish new pay rates/ranges to accompany the above changes. In some instances, establishing a wide pay range will optimize the opportunity of each employer to properly reflect their individual compensation programs for these operations and positions.

Seniority

Seniority calculations should be reviewed and established based on the final classification assignment and movement of employees through the classification plan.
