Human Resource Associate

SUBJECT: Notice of Specification/Examination Revision for the Electrical and Electronic
Instruments and Controls Series

DATE: May 18, 2010

Consistent with our transition to electronic testing options, the State Universities Civil Service System (System Office) is proposing a revision to the classification plan for the Electrical and Electronic Instruments and Controls Series. In this instance, our primary objective is to simply update the class specification and to convert the current examinations to a Credentials Assessment model, which can be easily delivered in an electronic format. This conversion should prove to be more efficient and effective in addressing the applicant recruitment and employment components in this occupational area.

This proposal is to notify you of our planned conversion from the current paper Training and Experience examination. We have substantively revised the classification specifications for this series as well as minimally changed the specification format to coincide with our standardized model. Confidential examination materials will be distributed later to meeting participants.

Current Classes

Electrical and Electronic Instruments
& Controls Mechanic

Electrical and Electronic Instruments
& Controls Mechanic Foreman

Proposed Classes

Electrical and Electronic Instruments
& Controls Mechanic

Electrical and Electronic Instruments
& Controls Mechanic Foreman

This proposal will be formally reviewed at a meeting on **May 24, 2010 at 10:30 a.m.** You are invited to attend the meeting at the System Office, by teleconference or by videoconference. We ask each employer utilizing these classifications to please participate in this process. Due to the minor revisions to the class specifications and examination, we do not anticipate a lengthy meeting. Conference call information will be sent prior to the meeting date along with examination information. For onsite participation, examination information will be distributed upon arrival to the System Office. ***If you plan to utilize videoconference for your participation, please indicate your IP address.***

Please share this information as required, but keep in mind that the purpose of this meeting is to simply change the delivery format of the examination from an applicant-rated paper format to an

employer-rated electronic test. Contact Gail Hankins at (217) 278-3150, Ext. 232, or by email at gailh@sucss.state.il.us if you need any additional information or clarification.

Classification/Examination Review: Electrical and Electronic Instruments and Controls Series

Meeting Date: **May 24 2010 - 10:30 a.m.**

University/Agency: _____

Please respond by May 21, 2010 if your university/agency plans to participate in the Class Specification and Examination Review Meeting.

*Please indicate below which method of participation you will utilize.
(Teleconference, Videoconference or Physically Attending)*

If you plan to utilize videoconference for your participation, please indicate your IP address:
