SUBJECT: Notice of Specification/Examination Revision for the Instructional Media
Systems Series

DATE: January 5, 2011

Consistent with our transition to electronic testing options, the State Universities Civil Service System (System Office) is proposing a revision to the classification plan for the Instructional Media Systems Series. In this instance, our primary objective is to simply convert the current examinations to an Electronic Knowledge Test (E-Test) and/or Credentials Assessment model, which can be easily delivered in an electronic format. This conversion should prove to be more efficient and effective in addressing the applicant recruitment and employment components in this occupational area.

This proposal is to notify you of our planned conversion from the current Informational Supplement and Modified Education & Experience Test. We do not plan to substantively revise the classification specifications for this series, but we will be minimally changing the specification format to coincide with our standardized model. Confidential examination materials will be distributed later to meeting participants.

This proposal will be formally reviewed at a meeting on **January 19, 2011 at 10:00 a.m.** You are invited to attend the meeting at the System Office, by teleconference or by videoconference. We ask each employer utilizing these classifications to please participate in this process. Due to the minor revisions to the class specifications and examination, we do not anticipate a lengthy meeting. Conference call information will be sent prior to the meeting date along with examination information. For onsite participation, examination information will be distributed upon arrival to the System Office. ***If you plan to utilize videoconference for your participation, please indicate your IP address.***

Please share this information as required, but keep in mind that the purpose of this meeting is to simply change the delivery format of the examination from an applicant-rated paper format to an employer-rated electronic test. Contact Torre Walls at (217) 278-3150, Ext. 230, or by email at torrew@sucss.state.il.us if you need any additional information or clarification.
