MINIMUM ACCEPTABLE QUALIFICATIONS REQUIRED FOR ENTRY INTO:**Level I: Pipefitter****3309(3051)**

## CREDENTIALS TO BE VERIFIED BY PLACEMENT OFFICER

1. (A) Certificate of completion of apprenticeship as a Pipefitter under a registered Bureau of Apprenticeship and Training program

OR

- (B) Experience sufficient to qualify as a journeyman Pipefitter, with a minimum of five (5) years of actual work in the trade, which may have included apprenticeship and/or applicable vocational training. The trade for this purpose shall include work normally performed by Pipefitters, Pipefitter Welders, Refrigeration Mechanics, Temperature Control Mechanics, Oil Burner Mechanics, and Leadburners.

## KNOWLEDGE, SKILLS, AND ABILITIES (KSAs)

1. Knowledge and ability to perform manual labor or mechanical operations (construction, installation, repair, and maintenance) customarily performed by pipefitters
2. Ability to effectively communicate information and instructions verbally and in writing
3. Ability to understand written instructions
4. Ability to independently interact with clients and the public in a friendly, positive manner to achieve customer satisfaction including effectively resolving customer concerns

**Level II: Pipefitter Sub-Foreman****1962(1965)**

## CREDENTIALS TO BE VERIFIED BY PLACEMENT OFFICER

1. (A) Certificate of completion of apprenticeship as a Pipefitter under a registered Bureau of Apprenticeship and Training program **AND** two (2) years of applicable experience

OR

- (B) Experience sufficient to qualify as a journeyman Pipefitter, with a minimum of seven (7) years of actual work in the trade, which may have included apprenticeship and/or applicable vocational training. The trade for this purpose shall include work normally performed by Pipefitters, Pipefitter Welders, Refrigeration Mechanics, Temperature Control Mechanics, Oil Burner Mechanics, and Leadburners.

## KNOWLEDGE, SKILLS, AND ABILITIES (KSAs)

1. Knowledge and ability to perform manual labor or mechanical operations (construction, installation, repair, and maintenance) customarily performed by pipefitters
2. Supervisory ability

- 2.3. Ability to effectively communicate information and instructions verbally and in writing
- 4. Ability to understand written instructions
- 5. Ability to independently interact with clients and the public in a friendly, positive manner to achieve customer satisfaction including effectively resolving customer concerns
- 6. Ability to use basic computer applications and learn appropriate or specialized software programs as related to position

Formatted: Bullets and Numbering

**Level III: Pipefitter Foreman****1828(1780)**

## CREDENTIALS TO BE VERIFIED BY PLACEMENT OFFICER

- 1. (A) Certificate of completion of apprenticeship as a Pipefitter under a registered Bureau of Apprenticeship and Training program **AND** four (4) years of applicable experience
- OR
- (B) Experience sufficient to qualify as a journeyman Pipefitter, with a minimum of nine (9) years of actual work in the trade, which may have included apprenticeship and/or applicable vocational training. The trade for this purpose shall include work normally performed by Pipefitters, Pipefitter Welders, Refrigeration Mechanics, Temperature Control Mechanics, Oil Burner Mechanics, and Leadburners.

## KNOWLEDGE, SKILLS, AND ABILITIES (KSAs)

- 1. Knowledge and ability to perform manual labor or mechanical operations (construction, installation, repair, and maintenance) customarily performed by pipefitters
- 2. Ability to supervise assigned staff effectively
- 3. Ability to effectively communicate information and instructions verbally and in writing
- 4. Ability to understand written instructions
- 5. Ability to independently interact with clients and the public in a friendly, positive manner to achieve customer satisfaction including effectively resolving customer concerns
- 6. Ability to use basic computer applications and learn appropriate or specialized software programs as related to position
