# Voiding/Deleting Registers

The registers for the Institutional Research Data Specialist should be voided at the close of business on December 14, 2011. All testing materials related to these titles should be destroyed.

# Class Specification and Examination Components/Instruments

The new class specifications and examining instruments for the Institutional Research Data Specialist Credentials Assessment will be effective (available per E-Test) December 15, 2011. For details on class specification and other information i.e. occupational area, work area, promotional line, etc., visit the class specification link at our website at <u>www.sucss.state.il.us</u>.

### Pay Rate/Ranges

Where necessary, employers should make adjustments to or establish new pay rates/ranges to accompany the above changes. In some instances, establishing a wide pay range will optimize the opportunity of each employer to properly reflect their individual compensation programs for these operations and positions.

### <u>Seniority</u>

Seniority calculations should be reviewed and established based on the final classification assignment.
