The State Universities Civil Service System (System Office) is proposing a revision to the class specification plan for the occupational area of Professional Services. We believe that this proposal will be beneficial in addressing the recruitment, employment, and retention concerns surrounding the staff within this constantly evolving business operation. Our overall objective is to provide an efficient and effective classification system that meets the needs of each employer.

The proposed Clinical Exercise Physiologist Series will replace the Clinical Exercise Physiologist class. This proposal is presented for your review and comments.
