The employment registers for the Sonographer/Ultrasound Series should be voided at the close of business on Friday, March 13, 2015. All testing materials related to this title should be destroyed.

## Class Specification and Examination Components/Instruments

The revised class specification and examining instruments for the Sonographer/Ultrasound Series classifications (Credentials Assessment) will be effective (available per E-Test) March 15, 2015. For details on class specification and other information i.e. occupational area, work area, promotional line, etc., visit the class specification link at our website at <a href="https://www.sucss.state.il.us">www.sucss.state.il.us</a>.

## Pay Rate/Ranges

Where necessary, employers should make adjustments to or establish new pay rates/ranges to accompany the above changes. In some instances, establishing a wide pay range will optimize the opportunity of each employer to properly reflect their individual compensation programs for these operations and positions.

#### Seniority

Seniority calculations should be reviewed and established based on the final classification assignment.
