Class Specification and Examination Components/Instruments

The revised class specification and examining instruments for the Safety/Environmental Compliance Associate classification will be effective (available per E-Test) October 1, 2019. For details on class specification and other information i.e. occupational area, work area, promotional line, etc., visit the class specification link at our website at www.sucss.illinois.gov.

Pay Rate/Ranges

Where necessary, employers should make adjustments to or establish new pay rates/ranges to accompany the above changes.
