### Class Specification and Examination Components/Instruments

The revised examining instruments for the **Electrician and Electrician Sub-Foreman classifications** (knowledge Tests and Credential Assessment) will be effective (available per E-Test) November 15, 2019. For details on class specification and other information i.e. occupational area, work area, promotional line, etc., visit the class specification link at our website at [www.sucss.illinois.gov](http://www.sucss.illinois.gov).

### Pay Rate/Ranges

If necessary, employers should make adjustments to or establish new pay rates/ranges to accompany the above changes. In some instances, establishing a wide pay range will optimize the opportunity of each employer to properly reflect their individual compensation programs for these operations and positions.

### Seniority

Seniority calculations should be reviewed and established based on the final classification assignment.
