SUBJECT: Proposal Notice for the Emergency Medical Technician

DATE: October 6, 2021

The State Universities Civil Service System (System Office) is proposing a revision to the Emergency Medical Technician classification. We believe that this proposal will be beneficial in addressing the recruitment, employment, and retention concerns surrounding the staff within this constantly evolving business operation. Our overall objective is to provide an efficient and effective classification system that meets the needs of each employer.

As outlined below, the current classification specification is being proposed:

- Emergency Medical Technician

This classification proposal will be reviewed during individually scheduled meetings or conference calls conducted by System Office staff. Examination format and effective dates will also be reviewed during these meetings. To allow ample time for all parties to provide initial comments and feedback regarding this proposal, the dates and times for these meetings have yet to be determined. You will be notified by this office through a Meeting Notice once they have been scheduled.

Thank you in advance for your cooperation and feedback.
