new/revised classifications based on a thorough review of job duties and assignments.

Voiding/Deleting Registers

The employment registers for the Broadcasting Engineer Series classification(s) shall be voided at the close of business on Monday, March 14th, 2022. All testing materials related to this title shall be destroyed.

Reemployment Registers

Upon utilization of CIT Policy #1, individuals on the Reemployment Register are entitled to remain on the Reemployment Register for the classification designated to replace the previous classification or for a classification that is reasonably equivalent to the previous classification specification and examination. Reemployment Registers shall not be voided.

Class Specification and Examination Components/Instruments

The new class specification and examining instruments for the Broadcasting Engineer Series classification(s) will be effective (available per E-Test) on March 15th, 2022. For details on class specification and other information i.e. occupational area, work area, promotional line, etc., visit the class specification link at our website at www.sucss.illinois.gov.

Pay Rate/Ranges

Where necessary, employers should adjust or establish new pay rates/ranges to accompany the above changes. In some instances, establishing a wide pay range will optimize the opportunity of each employer to properly reflect their individual compensation programs for these operations and positions.

Seniority

Seniority calculations shall be reviewed and established based on the final classification assignment.
