A Notice of Employment or similar documentation shall be issued to all incumbents whose positions are changed by CIT procedures with the notation: "Change-In-Title-Policy."

Classification and Examination Components/Instruments

The new class specification and examining instrument for the Public Health Response Specialist Classification will be effective (available per E-Test) March 15, 2022. For details on class specification and other information i.e. occupational area, work area, promotional line, etc., visit the class specification link at our website at www.sucss.illinois.gov.

Pay Rate/Ranges

Where necessary, employers should adjust or establish new pay rates/ranges to accompany the above changes. In some instances, establishing a wide pay range will optimize the opportunity of each employer to properly reflect their individual compensation programs for these operations and positions.

Seniority

Seniority calculations shall be reviewed and established based on the final classification assignment.
