RE: **Proposal Notice: Radiation Therapist Series**

A. Purpose

The State Universities Civil Service System (University System) continues to revise and modify its classification plan. The overall objective is to provide a structured and consistent classification and examination system that provides employment within the University System on the basis of merit and fitness.

The Radiation Therapist classification series has been identified as needing revision to include the following classifications:

- 1. Radiation Therapist Trainee (Proposed)**
- 2. Radiation Therapist I (Classification Code Number 4720)**
- 3. Radiation Therapist II (Classification Code Number 4721)**
- 4. Radiation Therapist III (Classification Code Number 4722)**

B. Next Steps

The University System will be conducting a series of meetings to review the proposed specifications and examinations and provide an opportunity for feedback. We will provide a meeting announcement notice at a later date.

C. Contact Information

Thank you for your assistance with this process. If you have any questions or need additional information, please contact the Classification and Examination Division at: cecdivision@sucss.illinois.gov.
