Series Narrative

Employees in this series perform duties requiring skill in the trade of carpenter.

DESCRIPTIONS OF LEVELS OF WORK

Level I: Carpenter

0683

Employees at this level perform work-requiring skill in the trade of carpenter. They work under direct supervision from a designated supervisor.

A Carpenter typically –

1. performs all duties peculiar to and normally required in the trade of carpenter, following recognized procedures and techniques for such work

Level II: Carpenter Sub-Foreman

1852

Employees at this level direct and/or lead and assign work to carpenters and other assigned personnel. They work under direct supervision from a Carpenter Foreman.

A Carpenter Sub-Foreman typically –

1. assists in the direction of work in a wood shop or on general maintenance
2. performs all duties peculiar to and normally required in the trade of carpenter, following recognized procedures and techniques for such work
3. checks jobs for materials and equipment
4. acts for the foreman during absences
5. approves time cards
6. performs other related duties as assigned

Level III: Carpenter Foreman

1604

Employees at this level supervise the work of carpenters and other assigned personnel. They work under general supervision from a designated supervisor.

A Carpenter Foreman typically –

1. directs and supervises the work of carpenters and other assigned personnel
2. checks safety devices for employees working on scaffolds
3. directs and supervises the work in the wood shop
4. acts as custodian of tools, equipment, and material used on the job
5. checks time cards and materials
6. performs all duties peculiar to and normally required in the trade of carpenter, following recognized procedures and techniques for such work
7. directs and supervises flooring installation and sanding
8. performs other related duties as assigned

Level IV: Carpenter General Foreman

1605

Employees at this level are responsible for the general supervision of the work of Carpenters and other assigned personnel. They work under the supervision of a supervisor who has been assigned overall responsibility for carpentry work.

A Carpenter General Foreman typically –

1. plans and organizes carpentry and related work performed by Carpenters and other assigned personnel
2. directs the works of Carpenters and other assigned personnel, either in person or through intermediate supervisors
3. coordinates, directly or through intermediate supervisor, carpentry and related work performed by Carpenters or other assigned personnel, other related classes, outside vendors and contractors
4. is familiar with and directs work required in compliance with prevailing codes and with current procedures and techniques in carpentry trade
5. is responsible for the safekeeping of tools, equipment and materials on jobs; exercises control of time spent on jobs, materials ordered and/or consumed, and the timely receipt of materials; estimates costs and maintains records of work performed
6. supervises, directly or through intermediate supervisors, employees performing carpentry work
7. performs other related duties as assigned
